

Who Are We?

Devry Smith Frank *LLP* has advised and advocated for corporations, individuals and small businesses since 1964. We are a mid-market alternative with a reputation for being approachable, professional and practical. Our rapid growth reflects client confidence - confidence we have built one client at a time.

We advise publicly traded financial institutions, emerging private companies and the nimblest of start-ups. We act as personal counsel to individuals and families on a wide variety of legal needs.

Our industry expertise spans industries as diverse as financial services, insurance, real estate and land development, service companies, professional services, technology, mining and not for profit. We have particular expertise and experience in representing high-growth entrepreneurs and mid-market businesses. To our larger competitors, these are just another client. But to us, they are the core of our group's focus.

We understand the market's needs for advice in real time and in the real world, rather than from the glass tower. As a mid-sized law firm, Devry Smith Frank *LLP* balances professional, knowledgeable and customized legal solutions with a focus on delivering value. We are large enough to handle the most complex business deals, but have an overhead structure and the flexibility to be cost-effective. We are driven by delivering value to our clients in all that we do.
